

ETL wine and spirits GmbH – Info English

Our winery is a family establishment. We cultivate our vineyard to controlled integrated production. In our establishment we vinify the grapes to dry, as well as sweet white wines. Our red wines are on the one hand completed to classic (fruity), and on the other hand to powerful characteristic red wines.

Through a gentle way of grape processing they are able to develop to expressive red wines in our wine cellar. After the fermentation the white wines are stored in tanks, while the red wines age in small and large wooden barrels, called barrique. After 6 -24 months the wines are finally filled in bottles.

Wine, Juice and Brandy

Our establishment vinifies about 60% of red wine and 40 % of white wine. We also produce Frizzante, white and red grape juice and some brandies.

Our white wines:

Welschriesling and Sauvignon Blanc as dry wines
Weißburgunder (Sweet Dream) as sweet wine

At the customer's request we also bottle Grüner Veltliner and Pinot Gris.

Our red wines:

Zweigelt, St.Laurent and Blaufränkisch as classic wines
Zweigelt, Blaufränkisch, Merlot and Cabernet Sauvignon as barrique wines and blends.
According to the type of maturing and the quality grade, our wines are available in the following sizes:
0,375L, 0,75L, 1L, 1,5L, 3L. Other sizes are available at request.

Our juices:

We produce red and white grape juice.
The following sizes are available: 0,5L, 1L, 5L Bag in Box

Our spirits:
